### 1.9. detailed description

what they are. I do not read a lot of newspapers, but I've heard many situations. First, we did not play offensively. There is no German team playing offensive and the name offensively like Bayern.

Last game we had in third place: Elber, Jancka and then Zickler. We must not forget kids. Zickler is a bit more, Mehmet anyway more Basler. Is clear these words, is possible to understand what I said? Thank you. Offensive, offensive is how do we make in place.

Second: I explained with these two players: after Dortmund may need halftime break. I also saw other teams in Europe after this Wednesday. I have also seen the training for two days. A coach is not an idiot! A coach is to see what happens in space. In this game there were two, three of these players were weak like a bottle empty! Did you see Wednesday, which team played Wednesday? Has Mehmet played or played Basler or has Trapattoni played?

### 1.10. location description

A wonderful merriment has taken my whole soul, like the sweet spring morning, which I enjoy with all my heart. I am alone and rejoicing in my life in this area created for such souls as mine. I am so happy, my best, so absorbed in the feeling of peaceful existence that my art suffers.

I could not draw now, not a line, and I've never been a bigger painter than in those moments.

### 1.11. feature description

Also, there is no one who loves, seeks, or desires the pain itself, only because it is pain, unless it comes to random circumstances in which pain and pain can give him great pleasure. To take a trivial example, who of us ever undergoes strenuous exercise except to take advantage of it?

But who has any right to blame a person who makes the decision to enjoy a pleasure that has no unpleasant consequences, or one that avoids pain that does not entail any resulting pleasure? Also, there is no one who loves, seeks, or desires the pain itself, only because it is pain, unless it comes to random circumstances in which pain and pain can give him great pleasure.

### **1.12. pricing description**

He heard soft footsteps behind him. That did not mean anything good. Who would follow him, late at night and in this narrow alley in the middle of the ill-famed waterfront? Especially now that he had turned the thing of his life and wanted to disappear with the booty!

### **1.13. details about agency fee**

The same old lyre everywhere. The layout is finished, the text is slow in coming. So that the layout does not stand naked in the room and looks small and empty, I jump in: the blind text. Created exactly for this purpose, always in the shadow of my big brother "Lorem Ipsum," I rejoice every time you read a few lines.

### **1.14. further information**

Two swift boxers chase the lively Eva and her pug through Sylt. Franz hunts in completely dilapidated taxi across Bavaria. Twelve boxing fighters hunt Viktor across the great Sylt dyke. Bird Quax pinches Johnny's horse Bim. Sylvia dares quick Jux at Pforzheim. Polygonal, Mäxchen's birds ate beets, yoghurt and quark. "Fix, Schwyz!
